

## Upcoming Dates

- 2/28- Scholastic Book Orders due
- 3/1- Field Trip to the Museum of Natural Science
- 3/2- Interim Reports Go Home
- 3/5- Dr. Seuss week

## Sight Words

I have attached a list of the sight words that we have been working on in class. The list goes through the third quarter. We practice recognizing, reading, and spelling words from this list on a daily basis.

Students also practice them during Daily 5 Word Work activities.

The expectation is that students will be able to recognize/read at least 30 of these words by the end of third quarter. Please practice these at home.

## Thank you!

Thank you for all of the Valentine cards, candy, gifts and flowers! They made our day!

## A Look Ahead

Rest Towels- Towels will be sent home on Friday. We have been phasing out rest time and will no longer need the towels.

Conferences- I will be scheduling spring conferences in March. Please look for a sign-up genius to be e-mailed out by the end of February with available dates/times.

Math- We will start simple addition of numbers up to 5 this week. Students will work on learning the addition partners of these numbers. (ex-partners of 5 are:  $5+0$ ,  $0+5$ ,  $4+1$ ,  $1+4$ ,  $3+2$ , and  $2+3$ )
